

Greetings,

I wanted to thank the members who participated in the Fall 2007 work weekend at the club. We made a significant dent in Rear Commodore Schiller's project list and had some fun at the same time. Work weekend actually started on the October 13th when Carol and Win Cooper stopped by and cleaned up the gardens for the winter.

Elizabeth and Harold DeHart get the award for traveling the farthest. Thanks for making the trip from Tennessee, it was great to see both of you.

It's not too early to start planning for Spring 2008 work weekend, it's scheduled for May 16th - 18th.

Best Regards,
Jack A. Keck Jr.
Commodore
